COMMUNICATION AND INTERPERSONAL SKILLS

Negotiation

Developed strong negotiation and conflict resolution skills through months of weekly training with NPT (Negotiation Project Twente), combining theoretical insights with practical case exercises. Gained expertise in persuasive communication, strategic decision-making, and collaborative problem-solving.

Communication, Interpersonal

Strong communication and interpersonal skills developed through five years of university, working in dozens of project teams with very different individuals. Proven adaptability and cultural flexibility, collaborative mindset. Gained experience in coordination and organization, demonstrated through teaching roles that required clear instruction, leadership, and effective teamwork.

ORGANISATIONAL SKILLS

Collaboration & Project Coordination

With over two years of experience as a mentor and coordinating TA, I have honed my skills in collaboration, problem-solving, and project management. Balancing multiple responsibilities as a part-time student teacher, I have effectively led teams, adapted to diverse challenges, and ensured smooth coordination between students and faculty while fostering a productive learning environment.
